REGISTERING WITH FOOD REGULATORY AGENTS E.G. NAFDAC.

It's very important to register your product with NAFDAC as this improves your brand and assures consumers of quality and wholesome product. They are responsible for registering, monitoring, and controlling food product in Nigeria; not registering with them may jeopardize your business. Registering with them can be easy.

These are some of the procedure for registration/renewal of locally manufactured packaged water and food. It is in two stages. The first stage is the inspection, while the second is the Registration.

Product Inspection

1. Application for Production Inspection of product will be made and addressed to the Director, written on the company's lettered paper.
2. Documents should be arranged in order as shown below:
 - Application for production inspection.
 - Samples of packaging materials, (four duly labeled packaging of the product).
 - Certificates of business incorporation of company, (four copies).
 - Evidence of trade mark registration of the product brand.
 - Present company's organogram, (four copies).
 - Letter of appointment of Production Manager/Quality Control Manager.
 - Acceptance of appointment of Production/Quality Control Manger.
 - Credential of Production Manager.
 - Evidence of payment for inspection/laboratory analysis.
 - Standard Operating Procedure.
 - Standard Procedure for Cleaning, Quality Control and Maintenance.
 - List of production/quality control facilities.
 - Retainership Agreement with Public Analyst.
 - Food handlers Test for Employment.
 - Retainership with Hospital.
 - Laboratory report of product, (in case of water, the analysis should be for the raw/treated water).

REGISTERING WITH NAFDAC
www.MakeMoneyNowNigeria.com

- Fumigation certificate of factory premises.
- Retainership agreement with fumigation Company.
- Geological survey report of borehole.
- Batch formulation where applicable.
- Any other relevant document.

If the inspection conducted is successful, an acknowledgment letter of recognition as a Producer is issued. With this, the Producer can go ahead and get the product registered.

Product Registration

1. Get Registration form, fill and submit at the office of the Director.

The following documents should be attached:

- Certificate of analysis.
- Certificate of business incorporation.
- Evidence of trade mark registration.
- Receipt of all payment.
- 3 well labeled samples of vetting.
- Acknowledgement letter for sample collection.

2. If the laboratory result is satisfactory, the product is presented for approval.

3. If approval is granted, a certificate is issued to the applicant.

Note that some of the processes for inspection and registration may require payment. For steps that are not included, you can visit closest NAFDAC office to you or visit www.nafdacnigeria.com
